# Restoration Options

# Restrictions

**Pipe Zone-** the Pipe Zone is defined as the area that extends 5 feet from the edge of the pipe on both sides. Planting within this zone restricts vegetation to non-woody, low profile ground covers not to exceed 18 inches in height.

**Border Zone-** the Border Zone is defined as the area outside of the Pipe Zone extending to the edge of the PG&E Easement. Trees are not permitted within the Border Zone, however a large variety of woody shrubs can be used.

# Tree Replacement Options

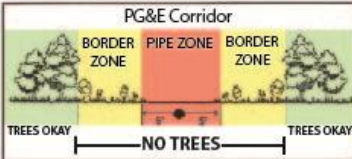

## Tree options to be placed outside of the gas corridor

PG&E has created an example tree selection list based off of plant material found on the Contra Costa Water District's "Gardening in Contra Costa County" web-resource.

The intention of this list is to give an example of trees that could be selected for replacement. Tree selection includes, but is not limited to this list.

### Gas Transmission Tree List

Tree options for replacement are not to be replanted within the gas corridor. Please note the image to the left, trees may only be located within the green designated areas. In providing this list of potential options for planting outside the right of way, PG&E makes no representations of guarantee whether these plants are suitable for their intended location.

Common Name	Scientific Name
African Sumac	<i>Rhus lancea</i>
Aleppo Pine	<i>Pinus halepensis</i>
Blue Haven Juniper	<i>Juniperus scopulorum</i> 'Blue Haven'
Blue Palo Verde	<i>Cercidium floridum</i>
California Buckeye	<i>Aesculus californica</i>
California Pepper Tree	<i>Schinus molle</i>
Canary Island Pine	<i>Pinus canariensis</i>
Carob Tree	<i>Ceratonia siliqua</i>
Chaste Tree	<i>Vitex agnus-castus</i>
Chinese Evergreen Elm	<i>Ulmus parvifolia</i>
Chinese Pistache	<i>Pistacia chinensis</i>
Chitalpa (Desert Willow)	<i>x Chitalpa tashkentensis</i>
Coast Live Oak	<i>Quercus agrifolia</i>
Cork Oak	<i>Quercus suber</i>
Crape Myrtle	<i>Lagerstroemia indica</i>
Floss Silk Tree	<i>Chorisia speciosa</i>
Gold Medallion Tree	<i>Cassia leptophylla</i>
Holly Oak	<i>Quercus ilex</i>
Horsetail Tree	<i>Casuarina equisetifolia</i>
Interior Live Oak	<i>Quercus wislizenii</i>
Italian Stone Pine	<i>Pinus pinea</i>
London Plane Tree	<i>Platanus acerifolia</i>
Loquat	<i>Eriobotrya japonica</i>
Olive (Fruitless)	<i>Olea europaea</i> 'Swan Hill'
Purple Robe Locust	<i>Robinia x ambigua</i> 'Purple Robe'
Silk Tree	<i>Albizia julibrissin</i>
Strawberry Tree	<i>Arbutus undedo</i>
Valley Oak	<i>Quercus lobata</i>
Western Redbud	<i>Cercis occidentalis</i>

Tree selection including but not limited to the above list. Plant information and pictures gathered from the Contra Costa County Water District website ([www.ccwater.com](http://www.ccwater.com)) and their web-resource copyright GardenSoft 2014.

# Vegetation Replacement Options

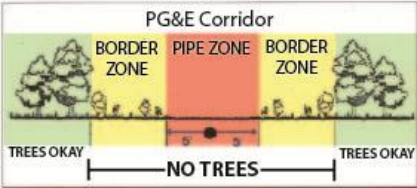

## Shrubs and Groundcover suggested for gas corridor

PG&E has created a list of compatible plant material suited for areas above and near the pipe. Plant selection was based off of plant material found on the Contra Costa Water District's "Gardening in Contra Costa County" web-resource as well as Sunset Western Garden's Plant Finder.

The intention of this list is to give water-wise plant solutions near Gas Transmission pipeline. Selection of compliant plants includes, but is not limited to this list.

### Gas Transmission Compliant Planting Suggestions 811 Call before you dig

The following list suggests plants that can be placed within the PG&E corridor zones. Please refer to the picture below: Pipe Zone compatible plants may be placed in the red area above the pipe, while Border Zone may be placed in the yellow areas next to the pipe. In providing this list of potential options for planting outside the right of way, PG&E makes no representations of guarantee whether these plants are suitable for their intended location.

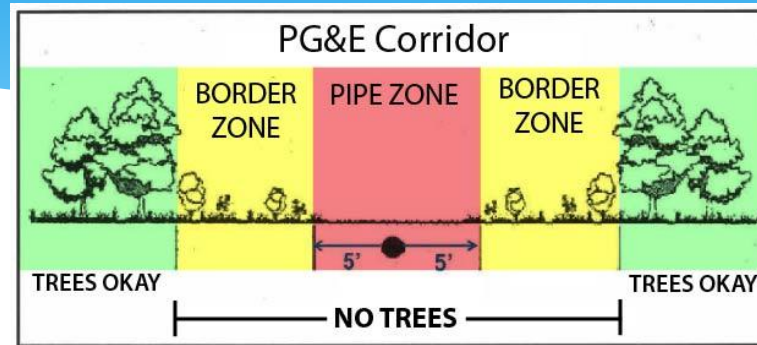

Pipe Zone Compatible		Border Zone Compatible	
Common Name	Botanical Name	Common Name	Botanical Name
African Daisy	<i>Osteospermum fruticosum</i>	Agave	<i>Agave spp.</i>
Aptenia	<i>Aptenia cordifolia</i>	Aloe	<i>Aloe spp.</i>
Bearberry Cotoneaster	<i>Cotoneaster dammeri</i>	Australian Rosemary	<i>Westringia fruticosa</i>
Blue Eyed Grass	<i>Sisyrinchium bellum</i>	Barberry	<i>Berberis Spp.</i>
Blue Fescue	<i>Festuca glauca</i>	Bearded Iris	<i>Iris</i>
Candytuft	<i>Iberis sempervirens</i>	Boxwood	<i>Buxus spp.</i>
Gazania	<i>Gazania spp.</i>	California Lilac	<i>Ceanothus spp.</i>
Hen and Chicks	<i>Echeveria spp.</i>	Coreopsis	<i>Coreopsis spp.</i>
Lamb's Ears	<i>Stachys byzantina</i>	Daffodil	<i>Narcissus</i>
Lily of the Nile (Dwarf)	<i>Agapanthus spp.</i>	Dusty Miller	<i>Senecio cineraria</i>
Phormium (Dwarf)	<i>Phormium tenax 'Tiny Tiger'</i>	Forsythia	<i>Forsythia x intermedia</i>
Santa Barbara Daisy	<i>Erigeron karvinskianus</i>	Gaura	<i>Gaura lindheimeri</i>
Scabiosa	<i>Scabiosa spp.</i>	Geranium	<i>Pelargonium spp.</i>
Snow-In-Summer	<i>Cerastium tomentosum</i>	Heavenly Bamboo	<i>Nandina domestica</i>
Society Garlic	<i>Tulbaghia voilacea</i>	Indian Hawthorne	<i>Rhaphiolepis spp.</i>
Stoncrop	<i>Sedum spp.</i>	Juniper (Dwarf)	<i>Juniperus spp.</i>
Thyme	<i>Thymus spp.</i>	Kangaroo Paw	<i>Anigozanthos spp.</i>
Verbena	<i>Verbena spp.</i>	Lantana	<i>Lantana camara</i>
Woolly Yarrow	<i>Achillea tomentosa</i>	Lavender	<i>Lavendula spp.</i>
		Manzanita	<i>Arctostaphylos spp.</i>
		Mexican Sage Brush	<i>Salvia leucantha</i>
		Mountain Mahogany	<i>Cercocarpus betuloides</i>
		Oleander	<i>Nerium oleander</i>
		Photinia	<i>Photinia spp.</i>
		Rockrose	<i>Cistus spp.</i>
		Rosemary	<i>Rosemarinus officinalis</i>
		Russian Sage	<i>Perovskia atriplicifolia</i>
		Sagebrush	<i>Artemisia spp.</i>
		Sage	<i>Salvia spp.</i>

The above list includes water-wise plants suited for most California climates zones as found in Sunset Western Garden Book, however each plant may not be suitable to all locations. Plant selection includes, but is not limited to the above selection. Plant information from Sunset Western Garden book and web-site ([www.sunset.com](http://www.sunset.com)).

# Planting Suggestions

## Cool Palette-

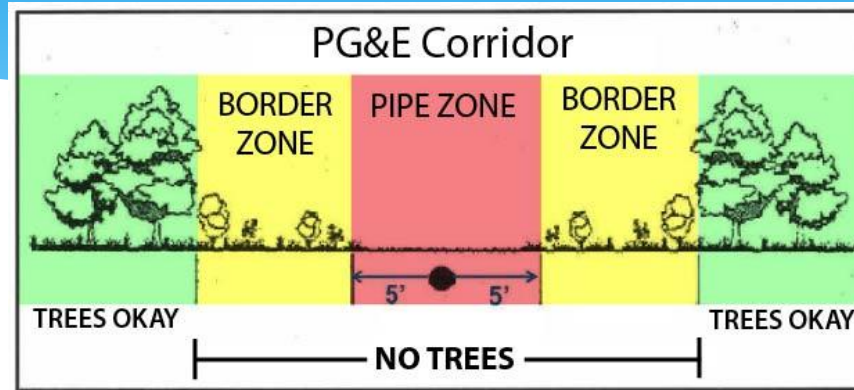

Pipe Zone: turf, Blue Fescue, Scaevola, Lamb's Ears, Verbena, Snow-in-Summer, Creeping Thyme, Santa Barbara Daisy, Society Garlic

Border Zone: Carpet Rose, Russian Sage, Pittasporum, Rosemary, Lavender

# Planting Suggestions

## Warm palette-

Pipe Zone: turf, African Daisy, Dymondia, Mondo Grass, St. Johnswort, Daffodils, Chamomile

Border Zone: Forsythia, Lantana, Red Phormium, Crepe Myrtle (shrub form), Indian Hawthorn, Mexican Feather Grass
